Hi Alexey,

No problem, sorry it is written from Heidelberg but refers to EMBL-EBI paying for her removal. As far as I am aware, Milena has chosen not to relocate her belongings at this moment and so EMBL-EBI have not yet paid for her removal unfortunately and all three days should be taken as annual leave.

Kind regards,

Nabiilah

Hi Nabiilah,
thanks for response. I don't quite get what does it mean "paid by the Laboratory", does it mean that this day should be paid by ENA? I'm asking, because our new starter Milena Mansurova spent 3 days last week on relocation, does it mean that she can request one day as special leave and another two days should be requested as standard annual leave?
